

Thorny Grove Holidays

Dogs

We are happy to welcome dogs to Cerrig Glas, and hope that they, and their owners, have an enjoyable stay. This is a lovely area for long walks, and there are many dog-friendly beaches within a short drive.

We do ask that dog owners comply with the following whilst they are here:

- Dogs are not allowed on the furniture or beds, and must sleep in their own beds.
- Please keep dogs on a lead when outside the cottage garden. Dogs are not permitted in the owner's garden, fields or stables.
- Dogs should not be exercised on the premises – we suggest that the woodland area (turn left out of the main gate) is ideal for early morning and late evening walks.
- Please be aware that we will be moving horses to and from our fields every day – they are all used to dogs, but please let us know if your dog has a problem with horses.
- Dogs must not cause a nuisance to other pets, guests or the property owners.
- Please clean up all dog mess immediately and dispose of it in the outside bin.
- Please do not leave your dog alone in the Property without prior agreement with us.
- Hirers must take responsibility for the control and actions of their pet at all times. Any damage caused by pets is the responsibility of the Hirer and will be chargeable. Thorny Grove Holidays reserve the right to ask guests to leave if their dog causes damage or injury to property, any other animal or person.

If you need anything for your dog whilst staying here, please ask us.
